We ask that you authorize the DEQ to IMMEDIATELY plan for at least 3 more public hearings along the proposed ACP corridor to address the economic development, health, safety and environmental concerns being raised, as well as claims and information submitted by the Atlantic Coast Pipeline (ACP, LLC) since the close of the original comment period. We ask that you take as firm a stance against the ACP as you have against offshore drilling. Both of these proposed projects would lock North Carolina into another generation of fossil fuel use, delaying the shift to more cost effective and cleaner energy sources, and the adverse impacts would greatly outweigh any benefits.

Sincerely,  
Margaret Palmer
